

# THE GREEN DIGITAL INNOVATION HUB

Are you a green digital enthusiast eager to scale up the impact of your research? Together, we can make a difference in fighting climate change!

Digital for Planet - D4P is your partner of choice in turning tech ideas into projects that address the world's most pressing environmental challenges.

## VISION

We envision a digitally empowered society that protects the planet and lives in harmony with the environment. Green ICT and sustainable innovation are urgencies we can no longer delay.

## SOLUTION

Leveraging over two decades of experience in European funding and a 30% success rate in the Horizon 2020 programme, the D4P team is well equipped to support your research and innovation journey.

## WHAT WE DO

### GREEN R&I FUNDING

D4P selects the most appropriate Horizon Europe call for your research and initiative.

### EU RESEARCH COMMUNITY

D4P puts you in touch with the most suitable partners for your project's consortium.

### GREEN TECH EXPERTISE

D4P Working Groups' experts share their experience and provide specialist advice.

### PROJECT PROPOSAL PLAN

D4P helps to frame your activities and elaborate on your green digital plans for a winning proposal.

### DISSEMINATION & PROMOTION

D4P voices and increases the impact of your green innovation research project.

## WIN YOUR FIRST HORIZON EUROPE GRANT AND BE PART OF THE CLIMATE CHANGE FIGHT!
